

THE STRAIGHT AND NARROW — Highway 41 through Elk Point will soon have a new and improved look, with widening and upgrading to start next week.

Highway 41 upgrading tender awarded to Stony Plain contractor

Elk Point Town Council awarded a \$1,566,955 tender for widening and upgrading of Highway 41 from the town's north limits to Secondary Highway 646 to Klushin Construction Ltd. of Stony Plain, Alberta at a special meeting last Wednesday evening. Total cost of the project is expected to be approximately \$2,232,000.

Work is scheduled to commence on the project by September 15, with relocation of

the Alberta Power transmission line, installation of new water and sewer lines and storm sewers to be completed this fall, and paving in the spring of 1987. A June 30 completion date is anticipated.

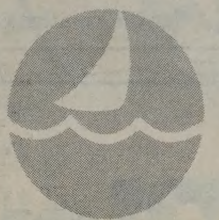

Engineering for the project will be provided by Stanley Associates Engineering Ltd. of Edmonton with Paul Dean as Project Manager.

The majority of the cost of the project will be provided by Alberta Transportation, with just

\$40,000 to come from the Town's coffers to pay for materials for water and sewer line modifications.

Ken Klushin of Klushin Construction Ltd. and Ken McNichol of Kerna Construction, Klushin's parent company, were in attendance at the meeting, and announced their intentions of mobilizing their crews immediately in order to get as much of the project completed before the onset of winter, as possible.

Federal boundary change concerns Town Council

Changes in Alberta's federal electoral boundaries, which would trim the area north of the North Saskatchewan River from the Vegreville riding and place it in a newly formed Beaver River riding, raised the ire of Elk Point Town Council at Monday's regular meeting.

"There is no doubt in my mind that we should oppose the change," said Mayor Ed Buck. It is not the first change for Elk Point, which started out in the Athabasca riding and underwent several shifts before becoming part of the Vegreville constituency.

Council agreed that they could see problems in becoming part of the long, narrow riding, which is one of six proposed additions in Alberta.

Mayor Buck and Councillor Kleeberger will make an in-depth study of the change and bring back a recommendation to Council regarding a brief to be presented at a public hearing on the changes scheduled for October 28 in St. Paul.

Council spent much of the meeting in discussion of public works and utilities. A client and engineer agreement on utility line replacement and street upgrading was tabled until an amended agreement is received from DelCan DeLeuw Cather Western.

Council voted to go with a combined utilities and roadways package on the project rather than having two separate contracts for the work. A special meeting will be called when the

design drawings are received. It is hoped to have the underground work completed by November 30, with paving in the spring.

Council approved payment of an invoice for redesign of the water treatment plant, and of two progress payments on the mechanical and electrical work for the plant. A completion date of October 1 is anticipated.

Proposed residential distribution system construction by Elk Point Gas Ltd. was discussed at length. A supply line which would follow the environmental reserve along the ravine edge in the proposed Borger Subdivision and a service line for the existing Borger subdivision were approved, pending the results of changes on the subdivision

(Cont. on Next Page)

Chamber meeting fizzles, another set for Sept. 17

The absence of a quorum at Tuesday evening's Chamber of Commerce reorganizational meeting has led a disenchanted retiring Chamber President Murray Harper to call another reorganizational meeting for noon, Wednesday, September 17 at the Empress Family Restaurant.

Harper, who was unable to be present at Tuesday's meeting, as were the Vice-President and ap-

parently all but nine of the Chamber's other 120 members, said Wednesday that "We'll give it one last try. If it goes, fine ... if it doesn't, pfft - that's it!"

Attendance at Chamber meetings dropped off toward the end of last year, and interest in the group seems to be on a decline. The nominating committee has not yet put forth a slate of candidates for the 1986-87 season,

which started September 1.

Due to the lack of a chairman, no business could be transacted at last week's meeting.

Hopefully, the Chamber members will be more meeting-minded by September 17, and will turn out in sufficient numbers to permit a new executive to be elected and the Chamber to get back to business for another year.

LOOK WAY UP — And there is Millie Orr with her 12'4 1/4" sunflower, which is one of the finalists in a province-wide contest. Husband Jim, holding the ladder, has been providing lots of moral support (and plastic pails) for the project. Good luck, folks! Hope you win!

Town Council concerned

(Cont. from Page 1)

approval. Information received from Alberta Mortgage and Housing Corporation regarding residential gas service to the home of W. and P. Bepalko will be passed on to the Bepalkos. It was also suggested that the Bepalkos contact the Gas Company to ensure continuity of supply of service.

Council will advertise for a new member for the Buckingham House Management Board, to replace Sid Holthe, whose term expires October 1 and who does not wish to apply for reappointment.

Councillors Lesyk, Kleeberger and Schuhmacher will represent the Town at the Elk Point Information Night, September 16.

A problem which arose regarding fire regulations for the relocated Greyhound Bus Depot and Fischer's Automotive has been looked after, with the result that bus service will carry on as usual.

The Elk Point Airport Commission met August 12 and was scheduled to meet again September 9, with the drilling of a well and repair of sewer problems on their agenda.

Administrator Pat Vincent reported that approximately 75 percent of the 1986 taxes were collected before the penalty date of September 1. This is slightly below 1985 figures.

Council approved plans by AGT for installation of additional buried cable on 50 Avenue east of 46 Street and on 51 Avenue east of 47 Street.

Recommendations by the Canada Day Committee that the Town consider installation of a power source, and construction of a larger stage and new, lower bleachers for the annual celebration will be looked into further to determine the cost and feasibility.

Mrs. Joan Hutton was given Town approval to rent the former Elk Point Gas offices in the old courthouse for use as a daycare facility.

Mayor Buck will be one of the guest speakers at an information exchange workshop for the Advisory Committee on Heavy Oil and Oil Sand Development slated for September 18 in Grand Centre.

RCMP A FAMILY AFFAIR — Constable Gladys Pirnak is congratulated by Inspector Bill Donahue following her re-engagement swearing-in, while her husband, Cst. Wayne Pirnak and the couple's two children look on. Mrs. Pirnak retired from the RCMP in 1982 after seven years on the force, to take up a career in motherhood, but recently decided to return to law enforcement. Both Cst. W. Pirnak and Cst. G. Pirnak are being transferred to Fort McMurray in the near future.

4-H awareness campaign underway

Alberta Agriculture's 4-H Branch recently launched their 1986 awareness campaign, which features the slogan "The 4-H Team -- Check It Out!"

The campaign, which is aimed at regrouping and putting new "zing" in 4-H for the present members, as well as at finding new members, started August 25 and will run until November 16. The eye-catching new slogan will be featured on TV commercials, as well as appearing in Alberta homes on grocery bags and milk cartons.

4-Hs best ambassadors, the present members, are also taking part in the campaign, with young people who have been in 4-H for a number of years introducing the campaign to local newspapers.

Hope Gaugler of Hoselaw and Alain Joly of St. Paul visited the Lakeland Review office last week, as part of the media blitz. Both have had extensive experience with 4-H and the experiences it has to offer.

Miss Gaugler has spent the past 7 years as a 4-H member, three years each with Eastbourne and Bourgoins clubs and the past year with the Elk Point Multi-Club. She has been involved in Foods, Clothing, Crafts,

Photography, Junior Leadership and Self Determined projects, and feels that the highlight of her 4-H career came this past summer when she attended Club Week '86 at Camrose.

Alain Joly spent all of his 8 years in 4-H with the St. Paul Multi-Club, in the Beef and Heifer projects. Joly attended Club Week in 1983 as a delegate and in 1984 as a junior staff member, as well as several Communications Festivals, as both delegate and staff, and Conservation Camp as a delegate. The highlight of his 4-H career was Selections '86, where he was one of the 8 Premier's Award finalists," Joly said.

Both Miss Gaugler and Joly have been involved with the 4-H Public Speaking competitions, with Joly one of the provincial finalists in 1983.

The wide variety of experiences and the enjoyment of being a part of the 4-H family was mentioned by both young people, who view 4-H as an important part of their lives.

Watch for the 4-H booth at the Elk Point Information Night on Tuesday, September 16. Local leaders and club members will be on hand to answer your questions and to tell you how you can be part of the 4-H Team -- be sure to Check It Out!

Play your part

Each year in Canada, about 70 young children are killed and 4000 are injured in car crashes.

The latest national survey showed that almost 80% of children under 5 are not being protected adequately in motor vehicles.

Transport Canada sets tough safety

standards that manufacturers of infant carriers, child safety seats and booster seats must meet.

You can provide the best protection for your children by securing them in a properly installed seat, anchored to your vehicle by a top tether strap.

Buckle up. It's the thing to do.

Another hat thrown in Town Council ring

Sandy Giffin has announced her scheduled for October 20th.

Ms. Giffin and her fiancé, Fred Lambright, have served the residents

RUNNING FOR COUNCIL — Sandy Giffin has announced her intention of joining the race for a Town Council seat in the October 20 general election.

of Elk Point and surrounding area with an Ambulance Service for the past three years. Previous to her involvement with the Ambulance, she spent approximately one year as Administrator of the Frog Lake Indian Band, which involved budget control, cutbacks in spending, planning, organizing, directing and controlling. Prior to Frog Lake, Sandy spent 13 years in an administrative capacity with the Bank of Montreal in Ontario and Treasury Branches in Alberta; the latter five years as Accountant and Assistant Manager.

With her administrative, business and financial background, Ms. Giffin feels she has a lot to offer the residents of Elk Point.

She has lived in Elk Point for the past five years with her daughter, Shannon. She was born and raised in the Ottawa Valley and has a natural love and concern for people. She graduated from Renfrew Collegiate Institute, majoring in Commercial. She recalls the many years her Dad sat as Reeve in County Council, as well as her family involvement with the water well drilling business for the past 25 years.

Through her Ambulance work, Ms. Giffin states she has met many wonderful people in Elk Point and talks about her love and affection particularly for the elderly and the growing concern for the young people in the community.

"My experience in the financial and administrative field would be a definite asset to the community." Her main concern, as shared by many community residents, is the control in budget spending and the necessity of

upgrading the streets, particularly since the recent expansion of the town.

Ms. Giffin would like to see some mode of transportation provided for the disabled and Senior Citizens of Elk Point, particularly for the upcoming winter months. She also feels an organized sport and recreation

centre is in demand for the young generation. "Idle hands are the devil's workshop".

Ms. Giffin states that she enjoys a challenge and relates to the importance of taking the issues on hand to the people before council makes a decision. She would like to see the community work together as one.

Information night set for Sept. 17

All you ever wanted to know about "what to do in Elk Point" will be on display next Tuesday evening, September 16, from 7 to 9 p.m. when the Family and Community Support Services, the Lioness Club, and Pastor John McGregor combine their talents to present the Second Annual Elk Point Information Night at the Community Services Centre.

Over fifty clubs, groups and organizations have been invited to participate in the evening and to set up a display which will inform the public of the "who, what, when, where, and why" of their group. Last year, a number of groups also took registrations during Information Night.

Activities and involvement for all ages and all types of interests will be featured.

FCSS secretary, Lynn Proskiw, reminds any groups who have not yet called her to reserve a space, to do so right away, as space is filling up fast. She may be contacted at 724-3800.

Good News For Alberta Small Business!

Introducing: The Alberta Small Business Term Assistance Plan.

The Government of Alberta has launched a 750 million dollar program which will significantly benefit Alberta small businesses.

The program offers new and existing eligible businesses a low, fixed interest rate of 9% to purchase capital assets or refinance existing term debt. A portion (maximum 35%) of existing operating loans and new inventory purchases may also be transferred to term debt, up to a combined maximum of \$50,000.

If your firm employs not more than 100 people with sales of \$5 million or less, mainly from active business sources — you may qualify.

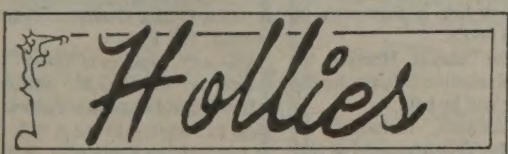

Under the plan, it may be possible for you to borrow up to \$150,000 for a period of 3 to 10 years. Loans must be used to generate active business income. The Province of Alberta will share the risk of loans made under the program through guarantee agreements with lenders. Repayment ability, as well as a long-term viability of your business, must be demonstrated.

The program commences on September 15th. Application forms may be obtained from participating Chartered Banks, Treasury Branches and Credit Unions.

The Midas touch

Have you noticed how the world is slowly but surely changing from green to gold, as Mother Nature wields her Midas touch?

First, it was the grain fields, ever so gradually developing a golden tinge on the green, then turning to a sea of gold, rippling in the breeze. Now, most of those fields have been shorn into neat rows, and in many, the rows have been munched up by combines and balers, yielding bins filled with golden grain and great stacks of satiny straw bales.

leaf at first, then a few more, until now some of the trees are almost completely yellow, while others are still in transition and still others remain as green as midsummer. The forest takes on a new beauty, and the lawn is scattered with a confetti of fallen leaves.

The sky seems even more blue in contrast to the gold, reflecting in lakes dotted with ducks, and providing smooth flying for geese heading south before their return tickets expire.

The year's most colorful season is upon us ... Enjoy!

Then, the trees -- just the odd Enjoy!

I GOT SOME HELP WITH THE LONG GRASS — Here my renter uses his heavy equipment to cut long

grass around the barns. Even a large riding mower couldn't handle all that.

I. Magnusson

The end???

Last spring's dwindling attendance at Chamber of Commerce meetings seems to have been carried over, with the absence of a quorum at the new season's first meeting September 2.

No quorum, no president, no vice-president -- hence, no meeting. Does this mean no future for the Chamber?

We hope not.

Maybe it's too early for people to be interested in meetings, rather than outdoor pursuits, summer visitors and the like. A number of other groups are also poised for takeoff and may notice the same trend.

Of course, it's always risky to show up at the first meeting of the year for any organization, because that is when an executive is elected ... scary thought, isn't it -- and so much easier to let the other people run things -- we can always complain if we don't like how they do it, can't we?

We can -- but we shouldn't, if we are unwilling to take a decision making role in these organizations ourselves. Involvement is the only way to get things done the way we would like to see them ... in the chamber or in any club or organization.

Let's give it one more try. Come on, all together now...

Alberta Trails

So short summer, so soon fall

By Irene Magnusson
Alberta Trails

Today I face my third year of living alone -- but not necessarily liking it. Several people, well-meaning, but I'm afraid not really understanding, have suggested I 'get someone to stay with me' such as renting out the basement, or sharing accommodations with another woman alone, but I'm fussy. In one way I like my 'aloneness' -- there is no one to blame if things mess up, it's my own doings, and also there is that peace and quiet of listening only to my own choice of noise, or lack of it.

But I really do appreciate a visit now and then, and will probably be glad to get back into the swing of meetings, now that fall is upon us. If we go to meetings of groups whose interests are similar to our own, there is bound to be something to talk about with them, ideas to share or complaints to air.

There is something else about living alone we don't appreciate until we get there. It's all the work there is to do. When there are two to share the housekeeping-yardkeeping duties, there is time left over to go to the lake or for a drive or out to visit now and then. This summer it seems I've spent an unconscionable amount of time pushing the lawn mower around. So much that I have failed to push the vacuum cleaner when it really needs it, my windows have been grubby all summer, dresser drawers are a mess, as well as the basement, and I haven't touched a piece of sewing or fancy work.

I used to get help with the laundry, the mowing, the garbage burning. Certainly I never had to worry about the upkeep of the car, or the tools, or whether my blades were sharp.

I have found that if I cut the grass when it's wet, it doesn't matter so much if the blade is sharp -- and I do hate pestering the neighbors all the time, to sharpen this or repair that. The blade just spins around and smashes the grass off. The thing about that is, you have to clean out the mush from under the machine more often.

A new word came to me, as I scraped away with a file handle one day, to describe the material being

removed. It is garp. Obviously, I rationalize it this way. Garbage is a material which was once something (such as a milk container) but is of no further use, therefore, it's garbage. Crap is simply awful offal, never was of any use and is not now, although there may be hope for it (such as in compost) in the future.

Garp is a combination of the two. Long grass, perhaps was of some use, but chewed up and packed into the lower mower, is no longer. However, having become garp, you can put it in the garden where it may become compost. I've checked my dictionaries. That group of letters has not been spoken for, so I hereby declare "garp" to be a good word for the collection of crud found under your lawnmower when you cut wet grass. You are all free to use it.

Speaking of upkeep of the yard, did you know it can take up to a half hour to saw off a large branch or tree trunk with a pruning saw -- that could be whittled off in ten seconds with a chainsaw? Fact. The preparation time is about the same, putting up ladder, getting truck in place, etc.

I heard the Great Horned Owl this morning, first time since early spring. I had thought they would nest here, in my swamp, but apparently it wasn't their choice, and I neither saw nor heard them all summer long. So I'm glad they are back. Together with the coyote's howl, there is no more

free, outdoorsey, wilderness sound -- unless it be the wild geese in transit -- than the soft-yet-carrying hoot of the Great Horned Owl. I always feel they are my friends.

Other birds in number around here have been a few hundred crows, flocking up for a harvest feast, and together with them, strangely, are more hundreds of blackbirds. Other observations were three flocks of geese passing over -- and today is only the first of September. Are they just some scouts going ahead to look for pleasant winter quarters, a few 'teen-agers' jumping the gun -- or are we in for an early, long cold winter?

It must be time to pluck the tomatoes. Swathes lie everywhere we drive, a few fields are already combined and straw baled, others are gleaming gold in this autumn sun. Overhead leaves are turning, so far not red from kiss of frost, but rather yellow as they ripen.

Tomorrow a million kids will be off to school, to meet new friends, suffer the trauma of leaving home, open new horizons. The wealth of our country, out on the roads, on bikes, afoot, in buses. We could hope they will only learn good things, but know very well they will find other things, not so good, out there. I guess their chief need right now, besides for us all to watch out for them and drive with care, is to find loving, understanding parents at home when they get back.

Ball association to meet

The Alberta Baseball Association will be holding its Annual Meeting at the Edmonton Inn, in Edmonton on November 1 and 2.

During the Annual Meeting the election of Executive Officers for the 1986-87 year will be held.

Several awards, including the "Coach of the Year" awards at both the Major and Minor levels will be handed out.

Nominations for executive posi-

tions (all are open including Zone Directors) must be received at the Alberta Baseball Association offices at 14904 - 121A Avenue, Edmonton, Alberta, T5V 1A3.

Also, any "Notices of Motion" to be placed on the A.G.M. agenda by A.B.A. Clubs, Leagues or Associations must be received at the A.B.A. office by midnight on September 30, 1986.

For further information, contact John Mather or Phyllis Pannebaker at 455-2843.

Golf club names 1986 champions

The 1986 champions of the Elk Point Golf and Country Club were named Sunday, at the conclusion of the Club's annual wind-up tournament.

The weatherman provided Grade A weather for the golfers and encouraged a good turnout.

Terry Rae was declared the Men's Champion when he shot a 75 over 18 holes. Art Lypka won the First Flight trophy with an 82, with John Gusnowski taking the Second Flight and Ervin Quinney the Third Flight trophies.

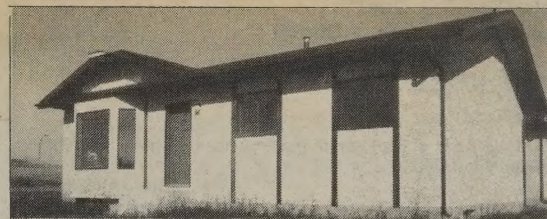

Liz Poitras is the 1986 Ladies Champion, with Evelyn Babcock receiving the runner-up trophy. Leon Babcock was declared Senior Men's Champion.

Albert Lim was victorious in a tie-breaking hole played to determine the Junior Champion, with Danny Maas as First Flight Junior winner.

That's it for the club's tournament schedule, but there is lots of good golfing weather left and action is sure to be going strong — at least until the snow flies!

Century 21

ONLY 3 LEFT!!

STYLED FOR FAMILY LIVING — This three bedroom, 1120 square foot bungalow has 1½ baths and a handsome stucco exterior.

Elk Point

Pioneer Circle starts fall season

By Irene Magnusson
Elk Point Correspondent

A good turnout of around twenty-five persons met in the Pioneer Circle Hall, Tuesday, September 2, at 7 p.m., for their first meeting of the fall. The meeting was set ahead one week, due to several members' expected absence later.

The meeting was called to order by chairman Mike Palinka, with minutes of last meeting (June 10) read by secretary Nellie Merrick. Treasurer Erika Bender gave the financial report, followed by a report on the Heritage Day potluck supper and other summer activities. Whist playing had been shut down for the three summer months.

An on-the-spot decision had to be made regarding the paving of the

area near the hall. The Elks had had this work done, and the Pioneer Circle's share came to \$567, which was paid. It was noted that a 10 percent reduction had been allowed for the club.

Volunteers to represent the group at the FCSS "Information Evening", Tuesday, September 16, were called for with Marg Clark agreeing to go, provided she is home by then, or Nellie Merrick (if Marg is still away) will represent the Pioneer Circle.

A donation of \$100 to the Arthritis Society was agreed on.

A group from the Edmonton Society for the Retired and the Semi-Retired will be visiting Elk Point to view the Fort George Museum on September 17. They have requested the Pioneer Circle supply lunch. A lunch committee was formed to serve this group of 47 at a nominal fee. Another group will shop for supplies required.

Each month two bingo callers-collectors are appointed, to look after the bingos; henceforth, these will be required to find replacements to take over at the end of their stint - and of course will accept volunteers. It was agreed to pay the campsite cleaners a flat rate of \$25 per day of work done. This job will soon run out as the cold weather settles in.

The dance committee is Mable Dumont, Rene Keller and Eunice Lambie, who were the acting committee last year, and have agreed to carry on. The first dance is scheduled for

September 27, at the usual time. Those who like to dance will be happy to hear this, as there have been none since late spring. So dust off your dancing shoes.

Thanksgiving will be observed by the Seniors on October 14, with a potluck supper in the hall, plus some kind of entertainment, as yet undetermined. You will hear more on this later. Marg Clark volunteered to try to form a "phoning committee" to let members know what all is going on, special events and so on, since some do not come to the regular Wednesday Bingos, where announcements are made.

Floor curling will commence in October; whist is already underway, starting September 5, and the birthday cake will be served September 24, for the members with birthdays this month.

The next meeting of the Pioneer Circle will be held October 21, at 7:00 p.m. the third Tuesday rather than the second Tuesday, due to the Thanksgiving holidays.

An invitation from the Wainwright Oldtimers Association has been received by the secretary, requesting all Pioneer Circle members to attend the official opening of their new Prairie Rose Seniors Activity Centre, at 731 - 2nd Avenue, in Wainwright, Saturday, October 18, at 1:30 p.m. Coffee will be served. Any member wishing to attend this affair should let the secretary know, so that arrangements can be made.

Ringette - a winter sport for girls

By Jim Fell

I'm the coach and general manager of the Elk Point Scarlettes RINGETTE team and I'd like to introduce you to the game in a series of short articles over the next few weeks.

Ringette is a game that was designed by Canadians to allow girls to enjoy a highly skilled, competitive, fast moving, non-hitting game on ice. If you were to watch and not pay much attention, you could mistake it for ice hockey, except for the long flowing locks of hair streaming out from under the helmets.

RINGETTE is played on a regulation size Ice Hockey arena and is played with a bladeless hockey stick shaft and a soft rubber ring much the same design as floor hockey equipment. The equipment necessary for the protection of the player is hockey skates, shin pads, hockey gloves, elbow pads, preferably some type of hip and pelvic protection, and definitely a helmet and faceguard, but that's where the similarity ends.

Next week I'll start to discuss the rules and how to play.

NEWLYWEDS — Mr. and Mrs. Chuck Frisby (nee Susan Kadutski) were married July 19, 1986 in Elk Point. The happy couple would like to thank all their guests for the gifts and cash donations and for sharing their special day. Also, thanks to all who helped out.

REMEMBER THIS? — Last year's Industrial Arts 30 students and teacher Blaine Easthope rested on their laurels last June: a combination grader/snowplow imaginatively reconstructed from a decrepit self-propelled swather which actually works!

This should be both an inspiration and a hard act to follow for future Industrial Arts students. Left to right: Blair Capjack, Trevor Dunham, Mr. Easthope, Jim Vinge, Orin Ockerman.

Photo by M. Dunham

From the Sergeant's Desk

By Sgt. Jim Fell

Well it's been a nice long summer and now we're into another FALL and another school year. With the beginning of school so comes the extra vehicular and pedestrian traffic. This year I became somewhat alarmed by the apparent lack of attention of driver's travelling through the school and playground zone. While monitoring the speed of vehicles on opening day it became very obvious that a little reminding program had to be implemented, some folks had to pay the price.

Our school zone in the town of Elk Point is protected by a PLAYGROUND ZONE, this means that seven days a week, 12 months of the year there is a 30 KM per hour maximum speed limit in effect between 0800 hrs., and one hour after sunset. Other school zones in the area are protected between 0800 and 0930 hrs., 1130 to 1330 hrs., and 1500 to 1630 hrs. Rural areas have a 40 KM maximum.

I wish people would realize that these laws are designed to protect the children as they come and go to

school and while they play.

I hope to be able to provide information through this article that will be helpful to the members of the community. If you have a question that could be addressed in this article, please drop me a line at the Detachment and I'll try to answer them. Have a safe week.

UCW report

By Grace Pinder
Secretary

The United Church Women reconvened their monthly meetings on Wednesday evening in the church hall on Sept. 3 after a two month recess.

The President opened the meeting with prayer.

The minutes of the June meeting were read followed by the treasurer's report. It was reported that considerable work has been done at Camp Whitney this year making it more attractive for the summer camps.

Five ladies attended the spring Rally in Vermilion in June and they reported on it.

Bissell Centre in Edmonton is in need of old eye glasses. If you have any you wish to donate contact Muriel Holthe or Grace Barwick.

The rummage store will be featuring bag sales till the end of Sept. when it will be closing due to the cooler weather. Come and get your quilting materials.

We will be conducting the church service on Sept. 28 while Rev. Donaldson is on holiday. We will also host the U.C.W. Presbyterial fall rally on Tues. Oct. 21.

The date for our bazaar, bake sale and tea was set for Nov. 29 at 2 p.m. Keep this date in mind, your attendance and contributions are always welcome.
